## ➤ ABOUT ME

I am 2nd Year Student looking for opportunities to learn and improve in the IT area. I like programming in C++ and Java. Currently, I am expanding my experience in Machine Learning.

## ➤ EXPERIENCE

### AGH Solar Boat Team

Oct. 2023-now

I am currently part of AGH Solar Boat Team as High-Level Software Section Member. My role is to write algorithms in C++, with the usage of ROS2, and test them in a simulation environment. I have taken part in preparing software for the RoboBoat 2024 competition in which the Team has won 2nd place.

### Other

2019-2020

I have taken part in "Aktywni Młodzi - program rozwoju kompetencji społecznych" programme, which improved my social, teamwork and leadership skills.

## ➤ EDUCATION

### Computer Science and Artificial Intelligence at AGH UST

2022-now

### III Liceum Ogólnokształcące im. Jana Kochanowskiego w Krakowie

2019-2022
